

Girdharilal Agrawal & Co

**Success in business is driven by Customer
Focus, Relationships and Ethics.**

*Mr. Girdharilal Agrawal,
Founder*

WHO WE ARE?

- Established in **1957** ,
- The largest stockist and distributor of Special Steels in India.
- Providing customized solutions in addition to steel raw materials.
- Value added services (machined components) for strategic industry segments.
- Continuous improvement and New Product Development
- Global Footprint – supplying to international OEMs in India, Europe and Australia
- Importing European and Japanese steel for quality-critical applications of Indian customers.

65 YEARS OF TRUST

VISION

To be the preferred partner for special steels by providing innovative, value-added and customised solutions

MISSION

- Be relentlessly customer focused
- Stay true to our founding principles of ethical business and care for all stakeholders
- Build a high performance, process-driven and reliable organization by leveraging new technologies
- Promote sustainability in all that we do

CORE VALUES

- **Integrity:** Build trust by being fair and honest in all that we do
- **Innovation:** Drive progress by imagining what is possible and encouraging innovation
- **Valuing Relationships:** Create enduring and meaningful relationships with team members, customers, stakeholders and the community
- **Excellence:** Strive to excel in every aspect of our business to deliver the best outcomes and highest quality of service to our customers

WHAT WE OFFER

8,000 MT

of inventory at any point of time in our warehouses at Kalamboli and Taloja (Maharashtra) with facility to supply in cut pieces

75,000 MT

of special steels supplied in a year for Tool & Die, Mining, Aluminium Extrusion, Injection Moulding, Bearings, Tablet Tooling and Automotive Forging applications

2,500 MT

of steel bars machined every year to customer specific drawings at our advanced machining centre (GA Steel Tech) equipped with Mazak, Hass and Doosan

MAJOR GRADES

H11, H13, O1, S7, DIN 1.2714, EN36C, EN41B, D2
SAE8620/8720, SKF 388K, 100Cr6/SAE52100,
EN353, EN19, 16MnCr5, 4140

OUR TEAM

Rakesh Agrawal

Managing Partner, GA Steels

- 30 years of experience in special steels
- Harvard Business School - Owners / Presidents Management program (OPM46 - 2015)

We also supply overseas to leading customers in Sweden, Finland and Australia, where we have been competing with the best of European mills for over 15 years.

Rock Drilling & Mining

- Grades : EN36C, SAE 8720, 388K
- Application : DTH Bits, Tri-cone bits, Top hammer

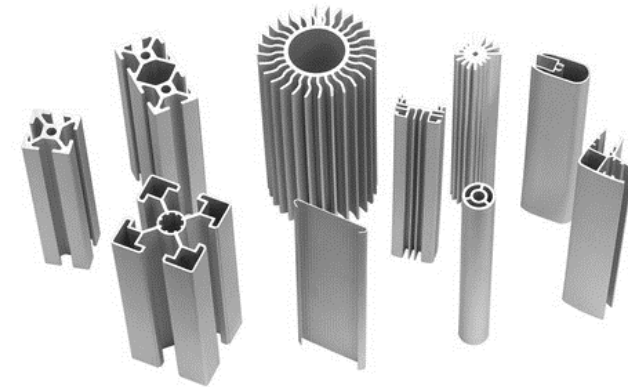

Tablet Tooling

- Grades : AISI S7, AISI O1
- Application : Tablet punching tool

Metal Extrusions (Aluminium, Zinc, Copper)

- Grades : AISI H13, AISI H11
- Application : Extrusion die (assembly)

Hot Forging

- Grades : DIN 1.2714, AISI H11, AISI H13
- Application : Hammer Forging Die / Insert, Holder / Bolster, Press Forging Die, Trimming Die

Cold Forging / Cold Forming

- Grades : AISI D2
- Applications : Cold Forging, Roll Forming, Thread Rolling, Rolling Mill

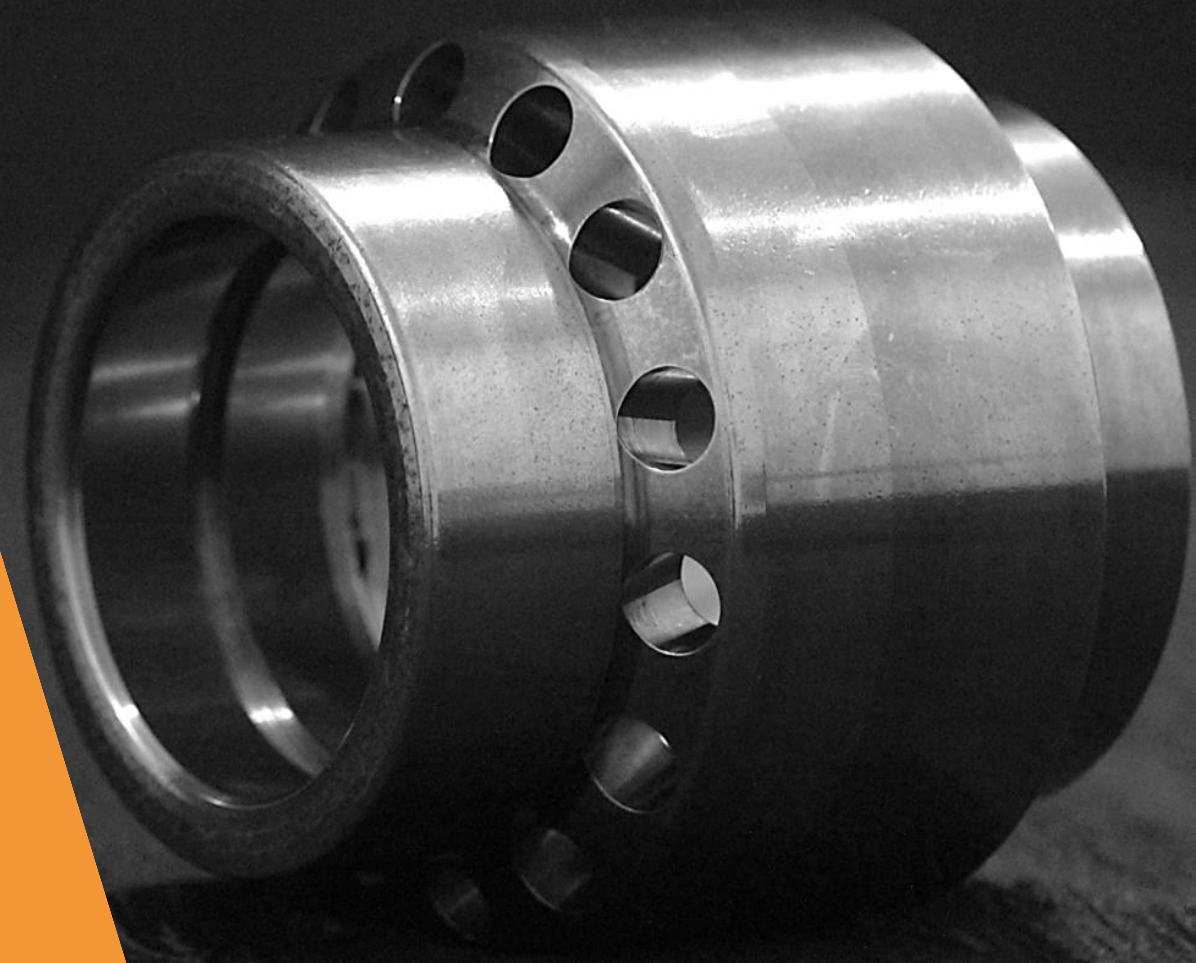

Plastic Extrusion

- Grades : EN41B, DIN 1.8550
- Application : Screw, Barrel, Plunger, Winder Roll

GA Steel Tech LLP

(advanced machining centre)

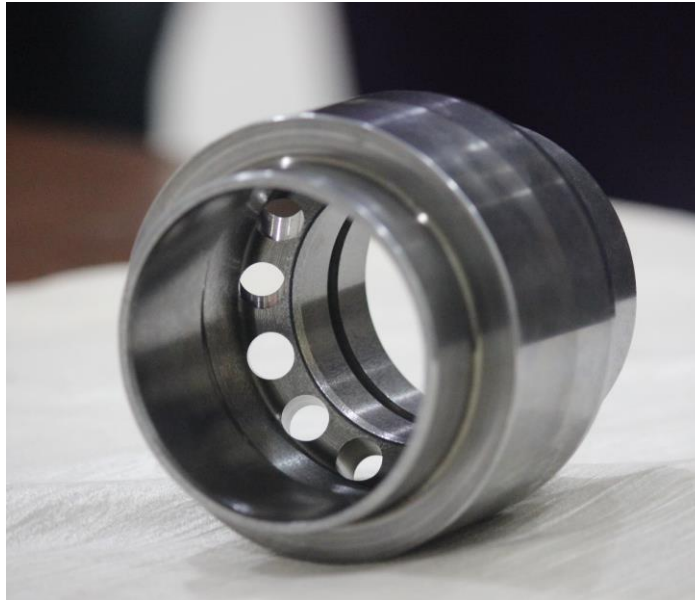

FROM STEEL TO SOLUTIONS

State of the art machining facility
providing customized machining
solutions.

Capable of complex and tight
tolerance jobs.

Located in Khalapur (near Mumbai)

Equipment List

Primary

CNC Lathe – 14 machines

CNC Turn Mill – 3 machines

5 Axis VMC – 2

4 Axis HMC – 1

Deep Hole Drill and Gun Drill - 3

Auxiliary

Saws - 2

Drill - 1

Screw Compressor - 2

Dot-pin Marking - 2

Quality

Contour Tracer - 1

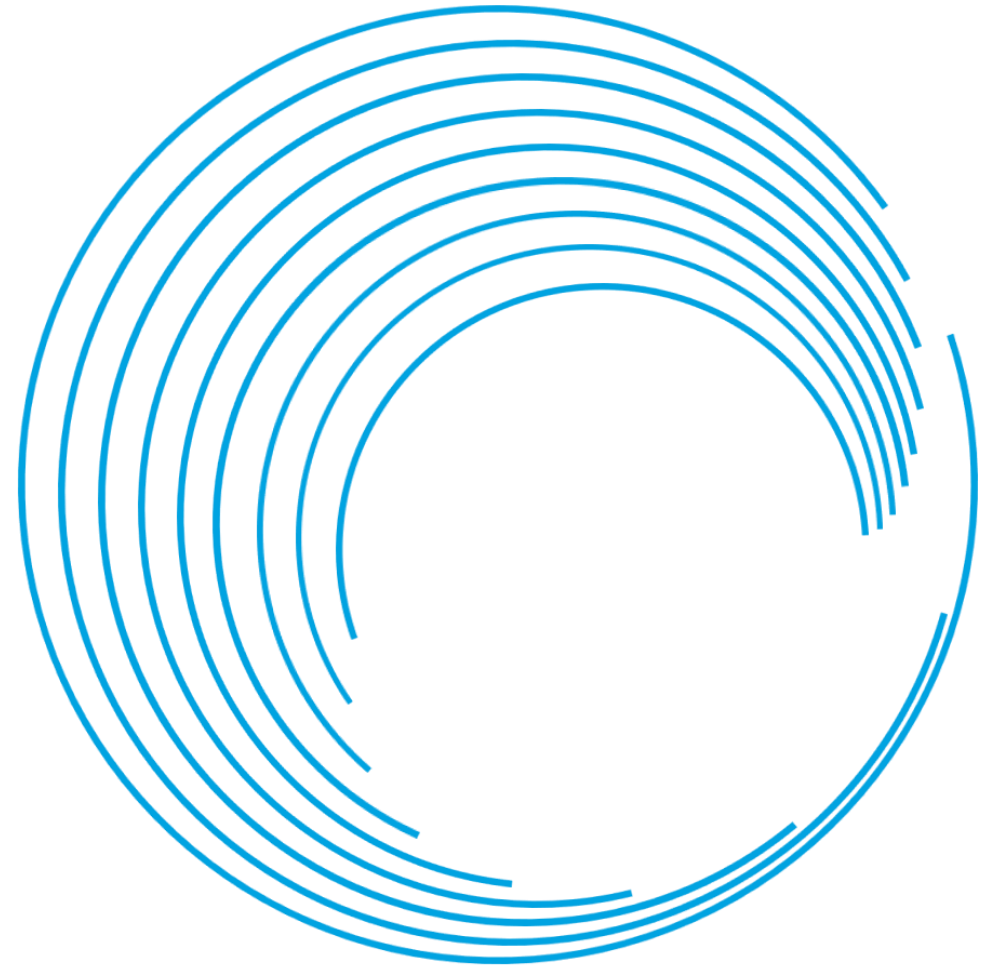

XRF Analyzer - 1

Surface Roughness tester - 1

Bench Centre - 1
